MRS. ROSA ALVINA STEIN.
(nee Lieber)

A deep shadow of sorrow was cast over the greater part of Medina County, when the sad news of the sudden death of Mrs. Rosa Alvina Stein of Cliff was received Friday at 10:45 A. M., April 8th, 1932.

Mrs. Stein took sick with pneumonia on the 21st day of March and was on the road to recovery and felt fine Friday morning up to the time of her death. She fainted while sitting, fell back on her bed and died within a few moments.

She was born at Riomedina, Texas, on March 21st, 1887, and had therefore attained the age of 44 years and 17 days at the time of her sudden and untimely demise.

The deceased was happily married to Mr. Jacob Stein at Castroville on October 9, 1900, to which union 7 sons and 3 daughters were born, namely: Henry, Louis, Richard, Julius, Woodrow and Alton Stein of Cliff; Walter Stein of Riomedina, Mrs. Oscar Bippert of San Antonio and Misses Thelma and Lorine Stein of Cliff.

She leaves surviving her, besides her grief-stricken husband and children, one brother, William Lieber of D'Hanis, three sisters, Mrs. August Lutz of D'Hanis, Mrs. George Burell and Mrs. Robert E. Haby of Riomedina, Texas, and three grandchildren, Marvin and Delvin Bippert and Doris Virginia Stein.

Her remains rested at the residence

until 1:00 P. M. Sunday, April 10th, when they were taken to St. Louis Hall at Castroville where hundreds of relatives and friends viewed for a last time their departed neighbor and friend. At 3:00 P. M. the corpse was carried to St. Louis Church from where after services it was taken to St. Louis cemetery and tenderly laid to rest. Rev. Jacob Lenzen performed the last sad rites of the Catholic Church, of which the deceased had been a life-long member.

The St. Ann Society, with their banner, of which the departed had been a member, escorted the bier from St. Louis Hall to church in a body.

One of the largest corteges ever witnessed here followed the corpse to its last resting place, which expresses the high esteem by which she was held by all who knew this kind and patient mother and neighbor.

Pall bearers were Messrs. Louis and Fred Lutz, Louis Bendele, Jr., Ralph Burell, John Geyer and John C. Biediger, all nephews of the deceased. Interment was under the direction of Horger Undertaking Co. of Hondo.

We extend our heartfelt sympathies to the grief-stricken and heart-broken husband, who was unable to attend the funeral, having undergone an operation for appendicitis a few days previous, and to the motherless children in this their great hour of sorrow.

May she rest in peace.

REPRESENTATIVES OF LOCAL CHURCH RETURN FROM CONVENTION.

Rev. C. P. Hasskard of Quibi, Rev.
W. C. Leibfarth and Mr. Gustav
Rothe of Hondo attended the second
annual convention of the Texas Dis-
trict of the American Lutheran
Church in Yorktown as representa-
tives of Bethlehem and St. Paul's
Lutheran Church, respectively.

Important sessions were held April
13-17 inclusive, in which some of the
most vital matters discussed dealt
with Texas Lutheran College at Seguin,
elementary Christian education,
home missions, missions in Mexico,
study courses for pastors, and reli-
gious conditions in general. The re-
port on the college stated that the en-
rollment had held its own despite
stringent financial conditions. Dr.
C. C. Hein, president of the American
Lutheran Church, stated that the
school in Seguin was one of the most
essential institutions of the church.
In the interest of Vacation Bible
Schools an exhibit of study material
had been arranged by the committee
on education. Dr. W. H. Lehmann of
Fremont, Ohio, superintendent of
Home Missions, spoke at length one
evening and gave interesting data.
He will visit a number of mission
charges after the convention. The
treasurer presented a report that was
encouraging in view of economic con-
ditions. Interesting papers were pre-
sented by Prof. E. J. Braulick of Tex-
as Lutheran College. The afternoon
sessions were begun with a series of
addresses on stewardship by Rev. O.
J. Schilling of New Orleans.

Inspiring services were a feature
of the convention. Among the speak-
ers were Dr. C. C. Hein, Rev. A. G.
Wiederanders of Del Rio, Rev. T. R.
Streng of San Antonio, and Rev. W.
G. Sott of Columbus, Ohio, steward-
ship secretary of the church. The
Reverend Mr. Sott will spend a few
weeks lecturing in Texas. District
gatherings are being arranged. Luth-
erans of Hondo and Quibi have been
invited to hear him in St. John's
Lutheran Church at San Antonio on
Thursday, April 21. Pastor Sott is
not only familiar with the problems
of the church but is an eloquent
speaker as well. Perhaps the most

noteworthy service was the opening
service in which all pastors and many
lay-delegates partook of Holy Com-
munion.

Among special speakers was Rev.
August Baetke of the Lutheran Dea-
coness Motherhouse of Milwaukee,
Wisconsin. He also will visit a num-
ber of churches before his return.

Music lovers were given a treat by
a chorus of pastors which rendered
sacred selections during the services,
and by special talent which entertain-
ed in connection with the meals that
were served in the spacious basement
of the church by the ladies of St.
Paul's Lutheran Church of Yorktown.
Entertainment of a different kind
was provided Wednesday evening
when the Gruenau Turnverein under
Mr. Eineigl presented an athletic ex-
hibition such as one expects to find
only in a college gymnasium.

Sunday drew the largest crowd.
Even the roomy new church could not
hold the crowds. At noon a barbe-
cue dinner and in the evening a sausage
supper were served.

Local men served in various ways.
Rev. C. P. Hasskard was a member of
the committee on Conference, Visi-
tations, Investigations, and acted as
secretary of the same. Rev. Leib-
farth served in the chorus of pastors
and was appointed on the equaliza-
tion of fares committee. Judge H.
E. Haass was elected to the commit-
tee of appeals.

The next convention will be held
either in San Antonio, where an \$80,-
000 church is being built, or in Aus-
tin, if reports current can be trusted.
The final decision is in the hands of
the executive committee.

Signed,
C. P. HASSKARD,
W. C. LEIBFARTH.

COLONIAL COVERINGS.

In bringing the Cohens and Kellys
to Hollywood, Universal tops every-
thing previously accomplished by the
comedy team of Murray and Sidney.
The story not only gives a panoramic
view of Hollywood life, but the inner
workings of a motion picture studio
as well. The plot shows in true fash-
ion what happens to a small town girl
who suddenly becomes a picture star
and later drops into the discard.
George Sidney and Charlie Murray
dominate the picture, leaving June
Clyde and Norman Foster to handle
the romance as a relief to the comedy
element. The cast includes many
other skillful artists. "The Cohens
and Kellys in Hollywood" shows at
the Colonial Theatre on Saturday and
Sunday.

"Broken Lullaby", Paramount's
tremendously heart-stirring romance
drama of the days after the war
comes to the Colonial screen next
Thursday and Friday. The producers
have brought forward a big cast of
film favorites to enhance the power
of this film's pretentious story. They
are Lionel Barrymore, Nancy Car-
roll, Phillips Holmes, Tom Douglas,
Zasu Pitts, Lucien Littlefield and
Louise Carter. The picture deals
with life in a small town. Holmes
is the hero of the production—a former
soldier who finds love alone can erase
the anguish which war-time horrors
had stamped on his heart.

AT THE LUNCHEON CLUB.

At Tuesday's Luncheon Club meet-
ing, Mr. J. M. Finger and District
Manager Myron F. Ward reported
on the conference of last Saturday in
Dallas of County Chairmen of the
Crop Production Loan Committee.
They explained that the cotton acre-
age restrictions have been liberalized
so as to permit a larger cotton acre-
age than 65 per cent where failure
of oats or corn has made it advisable
to plant cotton on land that would
otherwise lie idle. They further em-
phasized the fact that many farmers
who are eligible to receive loans have
not taken advantage of the opportu-
nity to secure them, and urged all who
can use the loan profitably to apply
at once. The time in which to file
application expires Saturday, April
30th, and after that date it will be
too late to secure the loan.

County Judge H. E. Haass read a
letter from the Southern Gas Utilities,
Inc., acknowledging receipt of the
notice of the action of the mass meet-
ing of last week in asking a refund
of 85c to each gas user on account
of over-charges on last August's gas
bills, and agreeing to rebate the
amount from the next gas bill. The
club extended the Gas Company a
vote of thanks for its prompt acquies-
cence to the mass meeting's request.
The committee on dump ground
was again given more time in which
to formulate a report.

Friends of F. Marion Davis will be
pleased to know that he has been re-
cently promoted from Resident Coun-
ty Engineer to Assistant Division En-
gineer by the State Highway Depart-
ment. Marion began working for the
Highway Department at Albany, Tex-

Pierie, then Resident Engineer for
Shackelford and Throckmorton
Counties. Later, he became Mr.
Pierie's assistant and, upon the lat-
ter's promotion to District Engineer,
succeeded him about a year ago as
Resident Engineer and made his
headquarters at Throckmorton. He
is now back with the man who started
him out in the highway work as his
assistant. He is now located at Paris,
Texas, and the District he serves con-
sists of nine counties of North East

The little 3-year-old son of Dr.

died early Thursday evening of last
week at the Medina Hospital after an
illness of several days duration. In-
terment was made in Oakwood Cem-
etery Friday afternoon, April 15th,
with Rev. P. E. Lancaster of the local
Methodist church officiating. Be-
sides the bereaved parents, one brother
and two sisters, a grandmother,
Mrs. L. B. Holloway, and several
other relatives survive. Mrs. H. J.
Meyer of Hondo is an aunt and
Messrs. Tom, Will and Leslie Holo-
way also of this place are uncles of
the deceased child.

Mrs. Geo. H. Noonan was taken
to San Antonio Wednesday where it
is hoped the change will benefit her.
She has been in a low state of health
for some time, and failure of both
her sight and hearing has complicat-
ed her afflictions. It is hoped the
change will bring her some measure
of relief, but her advanced age leaves
little hope for recovery of normal
health.

GOLDEN WEDDING CELEBRATION.

Mr. J. D. Hueschen and wife, nee Catherine Heyen, well-known and highly respected citizens of the New Mountain community, celebrated their Golden Wedding with a hospitable celebration at their home on April 15, 1932, the fiftieth anniversary of their marriage. Mr. and Mrs. Hueschen were joined in holy wedlock on April 15, 1882, and to this happy union seven children were born. Two children are now living, namely: Mrs. Emil Neuman of Biry, Texas, and Mr. Louis Hueschen of California.

Relatives and neighbors were invited to be at the home of the venerable couple at 12:30 P. M., where the occasion was appropriately opened with a talk by Rev. E. W. Dechert. This was followed by a talk by Mr. Hueschen in which he gave a beautiful and tender sketch of their wedded life and thanked all those who in any way contributed to their happiness and success.

The guests then gathered around a table laden with a well prepared meal of meat barbecued by Andrew and Clarence Muenink, potatoes, pickles, salad and coffee, which all enjoyed.

The afternoon was spent in playing games and in relating stories of the past. Again the guests were called to gather around the table where cake, pie and coffee were served.

Mr. and Mrs. Hueschen wish to thank their many friends for the loving gifts received from them in honor of their wedding anniversary.

Those present were: Mr. and Mrs. J. D. Hueschen, Mr. and Mrs. Emil Neuman and children, Mr. Louis Hueschen, Mr. and Mrs. John Muenink, Misses Irene and Nellie Muenink, Mr. and Mrs. Clarence Muenink, Mr. and Mrs. Andrew Muenink and children, Mr. and Mrs. Jacob Deinger and daughter, Hulda, Mr. and Mrs. Geo. Heyen, Mr. and Mrs. Willie Heyen, Mr. Henry Wiemers and sisters, Misses Ida and Emelia, Mr. and Mrs. John H. Schweers and sons, Bruno, George and Marvin, and daughter, Nettie Mae, Mrs. Anna Heyen and daughter, Miss Olga, Miss Ester Schuehle, and Rev. and Mrs. E. W. Dechert.

BAPTIST NEWS NOTES.

Beginning next Sunday morning, there will begin an old fashioned protracted meeting. The Pastor, by request, will have the responsibility of presenting the Gospel of the Grace of God, as the only and all-sufficient hope of man. The entire membership of the church is expected and urged to give their presence and their prayers to this undertaking. The other churches of the town are invited and urged by the Pastor to lend their presence and Christian co-operation. Indeed, all of our people, especially those of no church, are invited and urged by the Pastor to come and worship God with us. In all of life's relations, we all need the strength, comfort and guidance of the All-wise One to help us in our tasks.

The Pastor is heavily loaded with cares, but our God is able to supply all of our needs, according to the riches of His glory, through Christ Jesus. The singers, too, of the other choirs are urged to help in the music. It is hoped that we shall have inspiring music. The services will be held only at night. Eight o'clock will be the hour. The services will not be prolonged to weariness. Let the men make themselves comfortable by leaving the coat at home if desirable. Bring your heads and your hearts. God needs you; He wants you and you need Him. Come and let us all have a good time together.

BRO. MERRILL,
Pastor.

THE FARMERS SHOULD TAKE THE MONEY.

The fact that the corporations are taking every dollar they can get from the R. F. C. and asking for more is proof that they are awake and do not lose an opportunity to get cheap government money. The same is true of large live-stock owners.

The farmers of Medina County should take this government money while they can get it. Every dollar that they can bring into this county will help business that much.

If times should get worse they will all wish they had taken the money. And if times should get better it will be easy to pay it back.

This is one time when a farmer cannot make a mistake in borrowing cheap money, and he had better grab it before it is too late.

This money cannot be fooled away on luxuries; it has to be used for necessities.

"Train up a child in the way he should go; and when he is old he will not depart from it." Proverbs 22:6.

I have had in mind for some time to offer a few observations upon the question of the love of children for their parents. Since times have become acute my attention has especially been called to the lack of dependence of parents upon their children. I find it is the common accepted principle that children owe nothing to their parents, but parents owe everything to their children, and well meaning, Christian parents are unwittingly teaching this destructive doctrine to their offspring.

The only reasoning one hears in defense of this principle is that the child is brought into this life without its knowledge and consent and therefore owes nothing to its parents and conversely the voluntary act of parents in bringing children into the world puts all the responsibility upon themselves. This argument would be more plausible if there were no fundamental principle and purpose in the perpetuity of the human race, and life merely a kind of punishment instead of a great privilege. Human life does have a purpose upon this earth and because one is ushered into it without his knowledge or consent does not relieve him from its responsibilities, its rewards and punishments. Animate life cannot speak

itself into existence, and if the child owes no responsibilities to those who brought it into being and nurtured it through the years of helplessness it certainly owes none to others, either individually or collectively. This would mean a world of selfishness and cruelty.

If we are not to look upon life as a great experience and bless our parents for its privileges, however humble they may be, we have reached a very low estimate indeed of the purpose of humanity—the highest form of creation. And if children are taught to acknowledge no allegiance to their earthly parents who gave them life and sustenance, how can one expect them to acknowledge any responsibility to the great Giver of all life? In the beginning man and woman were also created without their knowledge or consent. Parents do not seem to realize that when they teach their children the doctrine of no responsibility because they came into the world involuntarily they are teaching the doctrine of infidelity.

The stages of human life are wisely designed to supplement each other. As a general rule the family is reared when the parents are best able to care for the children. Then as parents begin to wane in strength the children are grown strong and can assume the responsibilities. There is usually an overlapping period when the wisdom of the parents and the strength of the children can supplement each other and lay away a competence to sustain the parents in a

material sense which passes to the children when the parents pass on. But if parents need no material help they do need consolation, respect and love.

I know from experience that nothing can give a child of normal emotions more true happiness than to see a parent retire in old age from the cares and battles of life, and live in childish retrospection doing only such labor as may suit the fancy and keep a proper mental and physical balance.

To say that when the late evening of life comes on, when the mind and body become almost as trusting and dependent as in its early dawn, that children may, without criticism, neglect their parents and throw them out upon organized charity to suffer the humiliation of neglect and the sting of ingratitude is to deny the finer attributes of the human mind and return to the cruelty of the jungle.

To uphold children in the neglect of their parents will make them selfish, impair their usefulness as citizens and destroy their reverence for Jehovah.

Are we forgetting this admonition of the Apostle: "Honor thy father and mother which is the first commandment with promise. That it may be well with thee, and thou mayest live long on the earth."

Sweetclover can and does make use of nitrogen from the soil but since it is usually grown upon soils poor in nitrogen it depends, more than most legumes, upon nitrogen which is captured from the air. The capture of this "free" air nitrogen is the joint act of the plant and the bacteria which form nodules on its roots. For this reason inoculation is particularly desirable in growing sweetclover. The bacteria that cause nodules on sweet clover are the same as those that inoculate alfalfa, and in the East a field that has not produced alfalfa or sweetclover in recent years should be inoculated before it is planted to sweetclover.

POULTRY IN THE SOUTH.

By F. R. Reynolds.

There is probably nothing in the way of agricultural development that has shown a more substantial growth than the poultry industry which is now valued at approximately \$350,000,000. This remarkable growth has been manifested not only in the number and value of birds, but in the manner in which the industry has developed into a major source in agricultural income.

In 1920 practically no public hatcheries existed in the South. Many states did not have a single hatchery—today many of them have over 100 each.

The growth of commercial poultry farms has been in the same proportion. Standard-bred flocks will be found on practically every farm in the South are continually conducting poultry farms are grading their eggs and selling them to quality, instead of on a straight-count basis.

One of our most encouraging developments and the one that is forming the back-bone of a staple industry is the formation and operation of Poultry Cooperative Marketing Associations.

The State Branch organizations of the American Poultry Association in the south are continually conducting educational work by encouraging the consumption of more poultry and eggs, the breeding of more and better poultry and cooperating with hatcheries, fanciers, breeders and agricultural institutions for a greater industry.

The successful advance of the poultry industry in the South had as its foundation the American Standard of Perfection, and through the guidance of the American Poultry Association the South holds annually hundreds of quality poultry shows with specimens of outstanding excellence, birds that will compare with any on the American continent.

Through the standard practices of this great live stock organization the South has come into its own as one of the leading poultry producing sections in America.

RETURN TO FIRST PRINCIPLES.

"New forces and strange tendencies have steered us far from safe moorings. The time has come in the nation's life for a return to fundamentals and first principles. In no other way can you find a starting point again for sound thinking and constructive planning," says Governor Ritchie of Maryland.

"We began with a simple and unique system of State and Federal sovereignties. We devised a well-thought-out and workable division of powers between them. We embodied our philosophy of liberty in an all-sufficient Bill of Rights. And now by sheer Federal usurpation and supine indifference we have seen powers and responsibilities of the State surrendered, rights and privileges of the individual destroyed and the functions of local self-government steadily and progressively weakened.

"I believe the collective wisdom of the American people is against our appalling extension of government into almost every field of private enterprise. The cost of government has grown fifteen times faster than the population, imposing a burden of taxation which is intolerable.

"I believe the collective wisdom is for a minimum of government and a maximum of freedom, and that it is against ownership, whether of power, of railroads or other utilities, and is in fact against every unnecessary form of governmental control, because these things tend to put the cold hand of death on the creative and competitive impulses of the American people."

The Editor.

We have several interesting contributions for this page, and I'm not April foolin'. Just read down the lines and you will find those fascinating yet very practicable suggestions for your enlightenment.

H H

We have two recipes, contributions of two very fine women already familiar to this page. Mrs. Louise Dillon of Colchester, Illinois, generously donates one of her most favorite and most economical dishes. In fact, it is a whole meal in one, a single dish with the ingredients for an entire dinner. Just the thing for the busy housewife on cleaning day. The second recipe is most unusual—vegetable salad with Honey dressing.

The farm woman should welcome the use of vegetables raised on the farm, both fresh and canned, but the unusual thing about this dish is the dressing. Honey dressing. This recipe merits the Bee Page, but I couldn't help "appropriating" it for our page. Mrs. Vida B. Butcher of far away Oconomowoc, Wisconsin, is responsible for the splendid dish.

H H

Have you a cellar in your home? If you have, and it's one of the dark, blacker than night kind, then you will welcome with enthusiasm the suggestions of Juliette Frazier on this page. She contributes two practical ideas for your convenience, and as she says, "may save you a fall."

H H

April and Spring always bring the thought of entertaining and Mrs. Frazier does not disappoint us, as from her facile pen and original, inexhaustible array of party ideas comes the April Garden Party for the April hostess, from the invitations to the manner of entertainment and the refreshments. This delightfully original party will please the most discriminating hostess and how the guests will enjoy something new! By the way, you will have to back up to the preceding, or story page, to get the starting point of Mrs. Frazier's article, thanks to the ideas of our "make-up man" if you understand a print shop term. He just had to let this Department expand regardless of the direction.

H H

And speaking of the story page, we hope every one is enjoying our stories.

H H

Our friends have been especially generous with their contributions this month. We thank them collectively and individually and show our deep appreciation for their thoughtfulness by saying, "Come again."

One Dish Meal.

1-2 lb. American cheese
2 large or 4 small onions
3-4 lb. round steak
3-4 can tomatoes
3-4 cup bread crumbs
Salt and pepper

Method: Boil Macaroni in boiling salted water, drain in colander. Put steak, cheese and onions through food chopper; mix all together, season with butter size of egg. Put in greased baking dish, cover top with the bread crumbs, bake one hour or until top is a nice brown.

HOUSEHOLD HELPS.

If your cellar is dark and the coal shovel has the habit of eluding you, try painting it white and hanging it near the coal-bin.

Paint the lowest step of the cellar stairs white if the cellar is dark. This plan may save a fall and will do away with feeling for the last step when going down into the cellar.

—Juliette Frazier,
Cornelius, Oregon.

Spring sandwiches. Little radishes cut like roses, tea with a leaf of rose geranium to drop in the cup, lemon mint sherbet with a sprig of fresh mint leaves, tiny cakes decorated with flower designs with angelica and wafer candies.

Spring sandwiches—Cold Parker-house rolls with some of the insides scooped out and filled with the following mixture: Two cream cheeses (Neuchâtel) mashed to a smooth paste with mayonnaise dressing (about one-half cup). Add to this one bunch of watercress chopped, one cup chopped nut meats (preferably pecans), and a few blades of chives, cut very fine with scissors.

There is no wealth but life. Life, including all its powers of love, of joy, and of admiration. That country is the richest which nourishes the greatest number of noble and happy human beings; that man is richest who, having perfected the functions of his own life to the utmost, has also the widest helpful influence, both personal, and by means of his possessions, over the lives of others.

PANCAKES!

PANCAKES on a crisp winter's morning! Isn't that a delightful way to start the day off right? So popular are pancakes in our winter diet that there have been many competitions among small boys—and some among even grown-ups, too—to see how many they could eat. The winners of these contests may have shattered local, or even national records, but some of them must have shattered their digestions, too. For a surplus of pancakes with sweet syrup after, say, the first dozen or two, is rather a strain on the average digestion.

With this grave problem in mind of saving pancake champions' digestions for future contests, a public spirited dietitian has devised a series of recipes for pancakes which contain as an ingredient Hawaiian pineapple. For this delicious tropical fruit contains an element which so helps digestion—that these recipes may—who knows?—enable pancake champions even to eclipse their previous records, and eat more pancakes than ever before!

Try These on Your Griddle
Pineapple Crumb Cakes: Pour two cups milk over one and one-half cups fine bread crumbs, and let stand for five minutes. Add two well-beaten eggs and the well-drained contents of an 8-ounce can of crushed Hawaiian pineapple. Sift together one-half cup flour, one-half teaspoon salt and three teaspoons baking powder, and add to crumb mixture together with two tablespoons melted butter. Bake on griddle as usual, and serve with

butter and maple syrup. This recipe makes sixteen small cakes.
Whole Wheat Pineapple Pancakes: Beat four eggs well, and add one and one-half cups milk. Sift together one cup flour, one cup whole wheat flour, one teaspoon salt, one tablespoon sugar and three teaspoons baking powder. Add to egg mixture together with the drained contents of one 8-ounce can of crushed pineapple. Add three tablespoons melted butter, and bake on a hot griddle. Serve with butter and maple syrup or shaved maple sugar. This recipe makes twenty-four small cakes.

Here's One for Dessert
Pineapple Dessert Pancakes: Beat two eggs well, and add one tablespoon sugar. Add one cup milk and the following sifted dry ingredients: one and one-eighth cups flour, one-fourth teaspoon salt and one-half teaspoon baking powder. Add one cup boiled rice and two tablespoons melted butter. Bake in round cakes as usual. Butter each cake and place in the center a large spoonful of fruit mixture made by cooking the contents of a No. 2 can of crushed Hawaiian pineapple with one-half cup sugar until thick. Fold sides over, or roll, holding together with toothpick if necessary. Sprinkle with powdered sugar and serve at once. Recipe makes twelve cakes.

Fruit for Breakfast
All these recipes have the advantage of contributing their quota of the fruit which everyone should eat for breakfast. But one wants some proteins also to start the day with

in winter, so here is a pancake containing cheese. The dietitian states that it is wiser to slow up a bit after eating the first dozen or two of these.

Pineapple Cheese Pancakes: Beat two eggs and add one and one-half cups milk. Sift together two cups flour, three teaspoons baking powder and one teaspoon salt, and add to egg mixture. Add one cup grated cheese and the drained contents of one 8-ounce can of crushed pineapple. Bake on a hot skillet or griddle. Serve with butter and syrup. Recipe makes sixteen cakes.

Waffles, Too
And finally here is a recipe for waffles, also containing this delectable tropical fruit.

Pineapple Waffles: Beat three egg yolks well, and add one and three-fourths cups milk. Sift together two cups flour, four teaspoons baking powder and one-half teaspoon salt, and add to egg mixture. Add six tablespoons melted butter and two-thirds cup drained crushed Hawaiian pineapple. Fold in three stiffly beaten egg whites. Bake on a hot waffle iron right at the table. The electric iron should be preheated ten minutes before baking the first waffle. Serve with the following pineapple sauce, and pass cubes of plain American cheese. This recipe makes seven large waffles.

Pineapple Sauce: Simmer one cup crushed pineapple, one cup sugar and three-fourths cup water until syrupy. Add three drops oil of peppermint. Cool to lukewarm, and serve on waffles.

Farmers Must Plan For Profits

WHEN selling prices are low, the only sure road to profits is the one which leads to lower production costs. The farmer cannot control market buying prices. But he can control his own operating costs and he can plan to maintain a fair margin of profit.

To reduce production cost (even though the farmer cultivates fewer acres) PER ACRE PRODUCTION MUST BE INCREASED.

This calls for more intensive fertilization which will make every acre under cultivation give maximum results. Since labor costs remain about the same per acre, regardless of production volume, increased per acre production really means a proportionate saving in labor cost. Better fertilizing means also better quality which in turn means higher selling prices.

This is not mere theory. It has been proved over and over again in numberless practical farm tests.

Nitrogen is the growth element in all fertilizers. Arcadian Nitrate of Soda used as top dressing or side dressing supplies this growth element in a quickly available form at a time when this type of plant food is vitally needed.

Only the short sighted farmer will neglect to give his fields adequate nitrogen if he hopes to make a profit.

Hints for Homemakers

By Jane Rogers

LEFT OVER vegetables are apt to taste flat when reheated. A teaspoonful of sugar, along with salt and pepper will work wonders in restoring "garden" flavor—the sugar serving as a blending agent for the other ingredients. This is a seasoning trick common among continental chefs.

One way to prevent windows from sticking is to rub the cords occasionally with soap, running the windows up and down a few times after the application.

Judge H. E. Haass of Hondo was here on business and for court last Friday afternoon.

During the hot days of the past week a number of out-of-town visitors enjoyed the swimming in the Medina River and picnicking at Haas Park. The swimming season will soon be in full swing and the river banks hereabouts will be the scene of many an outing party.

September Square has become a spot of beauty and a thing of pride to the people of Medina County and of Castroville. Trees, shrubbery and flowers have taken root and are growing fast. The walks and curbs of native stone are works of art and fit splendidly into the landscape of the Square. This beautiful little park in honor of the settlers of Castroville is the work of the Castro Colony Historical Society.

MRS. JACK STEIN. (nee Lieber)

Mrs. Jack Stein died at her home at Cliff at 10:45 A. M., April 8th, 1932. She was born at Riomedina, Texas, March 21st, 1878, and had therefore attained the age of 54 years and 17 days.

She was happily married to Mr. Jack Stein at Castroville on October 9, 1900, to which union 7 sons and 3 daughters were born, namely, Henry, Louis, Richard, Julius, Woodrow, Alton of Cliff, Walter Stein of Riomedina, Mrs. Oscar Bippert of San Antonio, Misses Thelma and Lorine Stein of Cliff. She leaves surviving her grief-stricken husband and children, one brother and three sisters, and three grandchildren.

Pall bearers were Messrs. Louis and Fred Lutz, Louis Bendele, Jr., Ralph Burrell, John Geyer, and John C. Biediger.

BELIEVE IT OR NOT.

Oscar J. Bader, our genial County Treasurer, was exhibiting something of unusual interest at this office yesterday evening. It was a jacksnipe, a small bird which frequents shallow water and marshy places, with one of its feet securely clamped between the shells of a fresh water mussel. He found this strange pair at the Muennink tank where he had gone to pump water yesterday afternoon, and seeing the bird could not fly away with its burden, he caught it and brought it to town. The bird had evidently stepped into the open shell of the bivalve which closed up like the jaws of a steel trap, before the bird could retract its foot and held it a prisoner.

Mr. Bader was looking for a photographer to make a picture for Ripley of "Believe It or Not" fame.

HONDO HAS ANOTHER BURGLARY.

Burglars raided three filling stations sometime during Friday night of last week, taking a few articles and some small change at Joe Meyer's on the west side of town and from Gus Wiemers' and Frank Schweers' on the east side. At the latter place they took a radio and a couple of more tires.

These raids on filling stations are getting rather frequent, and would seem to call for drastic steps to stop them.

For Rent—two light housekeeping rooms, equipped with gas. Near school house. Phone 215. Mrs. W. J. Ney.

Dr. and Mrs. R. P. Thomas of San Antonio were guests of Dr. and Mrs. H. J. Meyer Sunday afternoon.

Summer Meat Delicacies

By Jane Rogers

SWEETBREADS, liver, heart and tongue are particularly well adapted to the summer menu, both because they are easy to prepare, and because their light and delicate flavor goes well with hot summer days. Sweetbreads and liver are often too expensive for frequent serving, but their place can well be taken by subtle variations in the preparation of the much less expensive but equally delicious heart and tongue.

Sweet Touch Adds Zest

In preparing the two latter delicacies, particular attention should be paid to cleaning, skinning, and the removal of all fibres and fat. The seasoning, too, is all-important. Salt, pepper, cloves, lemon juice and bay leaf should be on hand. A small amount of sugar is invaluable in blending or pointing up flavors, while a sweet sauce will afford a piquant contrast to the flavor of tongue. Beef Tongue Elaine, for instance, is easily prepared by simmering tongue until tender, removing skin and fibre, and simmering again for twenty minutes in a sauce made of one cup water in which tongue has first simmered, one glass tart jelly, two teaspoons sugar, one-fourth cup butter, one tablespoon whole cloves, juice of one-half lemon, salt and pepper.

Ragout of Lambs' Tongue

Ragout of Lambs' Tongue makes another appetite-appealing dish. Thoroughly clean four lambs' tongues and simmer in water just deep enough to cover, until partly tender. Then skin and trim. Melt one tablespoon butter in frying pan. Add two large onions, sliced. Sauté until a golden brown. Add small piece of bay leaf, one table-

spoon tomato purée, one teaspoon sugar, one-half teaspoon paprika, dash of salt. Blend and add one cup canned beef broth. Place both tongue and sauce in saucepan. Cover, and simmer one and one-half hours. A half hour before serving thicken with two tablespoons flour blended with a little of the sauce. Just before serving add more salt to taste.

A Tasty Grill

To prepare a Calves' Heart and Tomato Grill, thoroughly wash two calves' hearts in cold water. Cut out all fibres, dry, and cut into two-inch slices. Dip in melted butter, season with salt and pepper, and roll in fine bread crumbs. Broil for four minutes on each side. Cut two firm tomatoes into one-half inch slices. Dip in cooking oil. Season with salt, cayenne and a liberal pinch of sugar to each slice. Sprinkle seasoners on both sides. Broil on each side for five minutes. Arrange the sliced hearts in center of serving dish, with the tomato slices around the edge.

D'HANIS WINS FROM ALAMOS.

Taking advantage of Markburger when he momentarily weakened in the fourth inning, and assisted by costly errors, the D'Hanis Pirates scuttled the Alamo Multigraphing company Lettermen's victory ship and captured the game, 7 to 5, at Tech field Sunday afternoon.

The Buccaneers accounted for their scores by making eight hits total seven runs, but McNair, who took the mound after two were down in the fourth, nearly caused a mutiny by allowing the Pirates one measly hit the rest of the way.

In the last half of the ninth, Langfeld got into hot water. Byington, first up, was hit by a pitched ball Neal's drive to Carle at second was fumbled and both runners were safe. Gourley's walk filled the sacks. Marshall's long fly to left scored Byington, but Kalisky struck out and Sanders rolled an easy one to first, ending the Lettermen's rally and the game.

Hints for Homemakers

By Jane Rogers

FRAGMENTS of broken glass are always dangerous. One way to pick them up safely is to spread a wet piece of flannel over the particles and pat lightly. They burn the cloth.

The next time you make tart shells, pie crusts or rolls, brush them lightly with a sugar water solution a few minutes before removing from the oven. It will both improve the appearance and add to the flavor, especially with rolls.

Left over pieces of linoleum make excellent covers for drain boards.
